WORK

FMT Records, Media Artist + Technician

August 2021 - Now • Chicago, IL

Collaborate with our media team to edit video content, design and program the label's website, and manage tech for visuals at live concerts.

Echo Global Logistics, Content Designer

June 2021 - Now • Chicago, IL

Design and edit logos, videos, and posters in collaboration with the Digital Design Team.

Digital Design Studio, Assistant Studio Technician

Sept 2020- May 2021 • Middletown, CT

Instruct students to utilize the Adobe suite, laser cutters, printers, programming languages, and digital audio workspaces.

Renalis, Digital Medical Illustrator

Summer 2020 • Remote

Illustrated medical diagrams and animations of the pelvic floor area for a therapeutic pelvic health mobile application. Used Photoshop and After Effects to create deliverables based on pelvic health doctors' feedback.

Eiko Otake, Video Installation Editor

Sept 2017-Oct 2018 • Middletown, CT

Edited and sound engineered artist and activist Eiko Otake's 7 hour video installation, *A Body in Fukushima*, which was showcased at New York's Metropolitan Museum of Art and Met Cloisters.

Freelance, Videographer, Animator, + Designer

2015-Today • Middletown, CT

Film and edit short videos, rig and create character animations, and design posters and GIFS for clients.

PROJECTS

LAN Party, Multi-Instrumentalist + Web Developer

July 2021 - Now • Chicago, IL

Synth, guitar, and drum player in music project LAN Party for live concerts in Chicago and NYC. Designing and programming the website for the project alongside artist management duo B.B. Noise.

InternetLuisa.com, Web Designer + Programmer

Sept 2020-Now • Middletown, CT

Programmed my interactive portfolio website with HTML, Tailwind CSS, and JS graphics library P5.JS and designed using Photoshop.

Tiny Shed, Video Editor + Sound Technician

Jan 2019-June 2021 • Middletown, CT

Manage sound technology for live studio recordings and edited videos of studio recordings.
